Yuletide Traditions

The concept of an open-air fair during December dates to 13th-century Vienna, when Duke Albrecht I granted permission for a market that would allow townspeople to gather supplies for the winter ahead. While historians say there is no evidence that this medieval market had any connection to religion, the popularity of the wintermärkte spread through German-speaking regions during the Middle Ages. By the 16th and 17th centuries, as festive Christmas celebrations became more commonplace in Austria and Germany, the winter market evolved into the more elaborate spectacle now known as the Christkindlmärkte — which translates to “Christ child market.” Delectable treats, handcrafted nutcrackers, wood carvings and other ornaments began to fill the market stalls. Nuremberg’s lovely Christkindlesmarkt, which you will visit, has been operating since at least 1628. In addition to Old-World Christmas decorations, the market is renowned for preserving the city’s famous rostbratwurst and the 17th-century lebkuchen gingerbread. Today, these centuries-old Christmas traditions continue in markets throughout Europe, which charm visitors with sparkling lights, fresh pine boughs, roasted chestnuts, mugs of glühwein and the merry sounds of carolers.
