# CRUISING THE RED SEA & AEGEAN SEA

Stand at the crossroads of religion and cultural enlightenment as you journey to the storied lands of Jordan, Egypt, and Greece. This one-of-a-kind, 14-day, land and sea itinerary includes visits to centuries-old sites across three continents—cruising from the Red Sea to the Aegean Sea via the Victorian-era Suez Canal. Portals of antiquity lead to a treasure trove of ancient wonders and UNESCO marvels that defy the limits of the imagination. The achingly beautiful Greco-Roman temples of Jerash, the “rose-red city” of Petra, the ethereal desert majesty of Wadi Rum, and the pharaonic riches of Egypt summon awe and wonder like few other sites in the world. Attend on-board lectures by renowned Egyptologist Dr. Tarek Sayed Tawfik Ahmed throughout the tour and enjoy exclusive, up-close visits to The Great Sphinx of Giza and the tomb of Queen Nefertari. Our exploration of these ancient civilizations concludes in Crete with a visit to the labyrinthine palace of King Minos—the site where, according to Greek myth, Theseus defeated the legendary minotaur.

## GUEST SPEAKER

### **Dr. Tarek Sayed Tawfik Ahmed**

Dr. Tarek Sayed Tawfik Ahmed joins us on board for exclusive lectures on the culture, way of life, and iconic creations of ancient Egypt. With a BA and MA of Egyptology from Cairo University and a PhD in Egyptology from the University of Bonn, Germany, this renowned Egyptologist serves as Director of the Centre for Archaeological Studies and International Héritage in Luxor and is the former Director General of the Grand Egyptian Museum Project. Paired with his esteemed positions, experience lecturing in Italy, Malta, India, Jordan, and other countries, Dr. Ahmed is well equipped to illuminate our experiences as we visit some of antiquity's most legendary sites.

# THE LEGENDARY GIZA PLATEAU

Walk in the path of pharaohs and kings as we journey to one of the most famous historical sites in the world—the limestone plateau at the Egyptian city of Giza. Located just south of Cairo on the left bank of the Nile River, its sprawling desert necropolis includes three main tombs that are the largest pyramids in Egypt.

Among them is The Great Pyramid built for King Khufu (also known by his Greek name, Cheops) during the Fourth Dynasty. Constructed over a period of ten to 20 years in the 26<sup>th</sup> century B.C., experts continue to marvel at how this ancient masterpiece was achieved. Standing at 281 feet, The Great Pyramid was the tallest man-made structure in the world for 3,800 years and was a tourist attraction as early as the Roman times. Today, it remains the oldest of the Seven Wonders of the Ancient World and the only one to be largely intact. Our guided excursion to the Giza Plateau includes visits to the newly unveiled Grand Egyptian Museum and The Great Pyramid, followed by lunch with panoramic views of all three pyramids. We conclude our immersion in the storied land of Old Kingdom Egypt with a specially arranged visit to one of the most iconic monuments of antiquity—The Great Sphinx of Giza.
